STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. WYDEN:

S. 3026. A bill to establish a hospice demonstration and grant program for beneficiaries under the Medicare Program under title XVIII of the Social Security Act, and for other purposes; to the Committee on Finance.

HOSPICE DEMONSTRATION AND GRANT PROGRAM

Mr. WYDEN. Mr. President, today, I am introducing groundbreaking legislation to make a difference in the way in which dying patients and their families can access hospice care. Ninety percent of Americans do not realize that there is a hospice benefit provided under the Medicare program. Over time, the length of stay in a hospice is decreasing so that patients do not get the full benefit of services that could make them more comfortable at a crucial time in their lives.

The issues related to how we die are too important to permit the Medicare Hospice benefit to remain fixed in time. Now is the time to begin to test new ways to design the benefit so that the benefit can remain truly patient-centered at one of the most crucial times in patients' and their families' lives.

Just as we push our health care system for medical breakthroughs that will allow more of us to live healthier and longer, we need to drive our health care system to create accessible, positive care for those facing the end of life.

My legislation, the Hospice Improvement Act of 2000, would require the Secretary to establish a demonstration program to increase access and use of hospice care for patients at the end-of-life, and to increase the knowledge of hospice among the medical, mental health and patient communities. My legislation stresses the following:

Supportive and Comfort Care: To assist families and patients in getting the benefit of hospice care, the Demonstration program will allow for a new supportive and comfort care benefit. This benefit, elected at the option of the patient, will not require the terminally ill to elect hospice care instead of other medical treatment, but
